SOLUTIONS

BY LES MITCHELL

BARE - BONES SOLUTIONS.

Welcome to the book of Bare - Bones Solutions. Contained within these pages you will find solutions to some of the most popular Adventures ever played on the Spectrum 48k, or indeed on any format they were produced for.

The solutions contained within these pages will be found suitable for the Adventurer who has come closer to ending himself (*out of sheer desperation*) than to ending the game. They are also suitable for the Adventurer who has already completed the game but never got round to writing up the solution.

To use the solutions LOAD in the Adventure of your choice and simply ENTER the commands seperated by the (,) when the *what now ?* prompt appears on screen. You could if the Adventure you are playing allows, type the full solution in before pressing ENTER then sit back and watch the Aventure play to its conclusion.

So if you have ever wanted to see your name in the Kind Souls column of Your Sinclair Adventure Helpline or have your name featured on the back covers of popular fanzines offering telephone help,

THEN THIS IS THE BOOK
FOR YOU
